

X3

Platform stairlift for straight stairways

Daily autonomy

The X3 is the platform stairlift designed to allow for straight internal and external staircases in total autonomy and simplicity.

A perfect wheelchair lift that stands out for its quietness and compactness, the X3 therefore represents the ideal solution to guarantee accessibility both in single-family homes and in condominium and commercial buildings.

The X3 can accommodate a person in a wheelchair or a seated person thanks to the comfortable folding seat applicable to respond to different mobility needs.

Accessibility for residential and commercial buildings

Handicare is part of the Savaria Corporation, a global leader in accessibility focused on personal mobility in and out of the home.

We design, build and install products to make places where people live, work and play more accessible. We employ over 2,300 people worldwide who all know what they do can make a true, positive difference in people's lives. We're proud to try our best for each customer we serve, directly and through our international network of trusted partners.

With a rich history of product innovation and service excellence in the lift industry dating back more than 100 years, Handicare designs and makes straight and curved stairlifts for indoor and outdoor installations, which are sold in over 40 countries worldwide.

The Savaria Corporation, Garaventa Lift, and Handicare Accessibility are three companies with a shared passion - to remove barriers for all to access life on our own terms. Our three brands each have a distinct identity and unique history, and have joined forces to form the global leader in accessibility.
